REACH Certificate of Compliance

Leach International Corporation is dedicated to providing high quality engineered products that are in conformance with the strict safety and reliability standards for military and aerospace applications. Leach International Corporation also supports the underlying goals of REACH which are consistent with our commitment to promote environmentally responsible manufacturing, including the use and handling of hazardous materials and substances.

The European Chemicals Agency (ECHA) maintains a Candidate List of Substances of Very High Concern (SVHC). The latest Candidate List of SVHC can be found at: http://echa.europa.eu/candidate-list-table. As a suspected downstream user in the European Economic Area (EEA), Leach International Corporation is responsible to report listed SVHCs present in excess of the 0.1% w/w threshold for each defined article within our products.

Leach International Corporation continually monitors the status of the candidate list as part of our on-going compliance activities, including the need, under Article 33 of REACH, to inform our customers if an article contains more than 0.1% by weight per article of any substance that is added to the SVHC candidate list in the future.
