

## REACH CERTIFICATE OF COMPLIANCE

**Product Family:** CONTACTORS  
**Date:** 02-April-2026  
**Rev.** C

Leach International Corporation is dedicated to providing high quality engineered products that are in conformance with the strict safety and reliability standards for military and aerospace applications. Leach International Corporation also supports the underlying goals of REACH which are consistent with our commitment to promote environmentally responsible manufacturing, including the use and handling of hazardous materials and substances.

The European Chemicals Agency (ECHA) maintains a Candidate List of Substances of Very High Concern (SVHC). The latest Candidate List of SVHC can be found at: <http://echa.europa.eu/candidate-list-table>. As a suspected downstream user in the European Economic Area (EEA), Leach International Corporation is responsible to report listed SVHCs present in excess of the 0.1% w/w threshold for each defined article within our products.

As a producer and manufacturer of electrical and electronic components, including relays, contactors and power distribution systems, our products may contain hundreds of separate components, including printed circuit boards, which under REACH, would be considered separate articles joined or assembled together. Many of the chemicals used in our products are necessary to ensure the reliability required of the apparatus on which they are installed and are articles and components of the products used in aerospace sectors whose applications required high safety standards. Leach International Corporation does not control end use applications, however, any SVHC's or Annex XVII listed substances that are contained within Leach's products are not intended to be released into the environment nor present a safety risk when used as intended.

Leach International Corporation continually monitors the status of the candidate list as part of our on-going compliance activities, including the need, under Article 33 of REACH, to inform our customers if an article contains more than 0.1% by weight per article of any substance that is added to the SVHC candidate list in the future.

Disclaimer: The information contained in this letter express only the intention of the respondent and does not constitute a legal obligation. ### ARTICLE 33: DECLARATION:

The listed part family may contain the following SVHCs in a concentration >1% w/w (article)

No	Item Description	Chemical Name	CAS #
1	CONTACT BLADE	CADMIUM OXIDE	1306-19-0
2	SOLDER; PLATING; HARDWARE	LEAD	7439-92-1
3	INK MARKING	CYCLOHEXANE-1,2-DICARBOXYLIC ANHYDRIDE	85-42-7
4	INSULATING ADHESIVE	N,N-DIMETHYLACETATMIDE	127-19-5
5	SEALANT	BISPHENOL A	25068-38-6
6	SEALANT	OCTAMETHYLCYCLOTETRAILOXANE	556-67-2
7	INSULATOR	DIBUTYL PHTHALATE	84-74-2

Sincerely,
